OUR MISSION is to protect, restore and enhance the nation’s fish and aquatic communities through partnerships that foster fish habitat conservation and IMPROVE THE QUALITY OF LIFE FOR THE AMERICAN PEOPLE.

Since 2006, the National Fish Habitat Partnership has been a partner in 935 PROJECTS IN 50 STATES benefiting fish habitat.

In 2019, the U.S. Fish and Wildlife Service, provided $4 MILLION, with nongovernmental organizations, state resource agencies, and other partners contributing an additional $14 MILLION, more than a 3-to-1 match.

The national partnership implements the National Fish Habitat Action Plan and SUPPORTS 20 REGIONAL GRASSROOTS FISH HABITAT PARTNERSHIPS. Through a science-based approach, our partnerships focus on IMPROVING FISH HABITAT LOCALLY, WHILE COLLABORATING NATIONALLY TO MEET CONSERVATION GOALS AND OBJECTIVES.

The National Fish Habitat Partnership WORKS TO CONSERVE FISH HABITAT NATIONWIDE, leveraging federal, state, tribal, and private funding resources to achieve the greatest benefit for fish populations through priority freshwater, coastal, and estuarine conservation projects.

*From 2006 – 2011, conservation project funding has included $63 MILLION in funding from the U.S. Fish & Wildlife Service and was leveraged with nearly $102 million in non-federal funding.

The National Fish Habitat Partnership started a 501(c)3 non-profit in 2015, called Beyond the Pond, to HELP SUPPORT FUNDING NEEDS FOR OUR 20 REGIONAL FISH HABITAT PARTNERSHIPS. beyondthepondusa.com
